

**US Barge
Scaffolding Position
Portland, OR
July 7, 2009**

U.S. Barge LLC is an innovative barge manufacturer based in the Pacific Northwest. From ocean-going to inland barges, we use advanced technology and specialized manufacturing to meet our customer's needs. Construction and launching occurs on the Willamette River, in Portland, Oregon. World War II tankers were built at our facility - today our company continues to build on that tradition. Our workforce takes pride in turning out the highest quality barges on the market.

We own some of the largest infrastructure in the barge-building market. Our oversize facility gives us the capability to fabricate and deliver any type of barge that our customers desire. Our highly automated work processes increase worker safety while maximizing quality and throughput.

Building on our participating companies' experience in the marine industry, U.S. Barge offers innovative solutions for rugged products.
